## Corporate Presentation

10-Q third fiscal quarter of 2026

# Important information

Certain information included in this presentation contains statements that may be deemed forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act) and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Forward-looking information involves important risks and uncertainties, many of which may be beyond our control, that could materially affect expected future results and, accordingly, such results may differ from those expressed in any forward-looking statements made in this presentation.

All statements other than statements of historical fact may be forward-looking statements. You can identify these statements by the use of words such as "look forward", "anticipate", "believe", "consider", "intend", "continue", "could", "estimate", "expect", "state", "intend", "may", "plan", "potential", "forecast", "represent", "if", "target", "will", and similar expressions. Such statements are subject to known and unknown risks, uncertainties and other factors, including the significant and important risks and uncertainties discussed in the reports we file with the U.S. Securities and Exchange Commission (the SEC). These forward-looking statements are based on management's beliefs and assumptions and information currently available to management and apply only as of the date of this presentation.

Although we have attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause the forward-looking statements not to occur as described in this presentation, including those described in Part II of Item 1A, "Risk Factors," in our Quarterly Report on Form 10-Q filed with the SEC on February 9, 2026, and those described from time to time in our future reports filed with the SEC. These forward-looking statements are only predictions. If one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect, actual results may differ materially.

You should not rely on forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Furthermore, neither we nor any other person accepts any liability for the accuracy or completeness of these statements and undertakes no obligation to revise these forward-looking statements to reflect events or circumstances after the date of this presentation or to reflect the occurrence of unanticipated events.
